Maule's Pot Grown Strawberry Plants For Fall Planting

Each plant packed in a pasteboard pot

Ready for shipment about July 15th

These plants may be set in the hottest and driest weather and will produce a crop of the largest and finest berries the first season after planting. All varieties listed below are perfect flowering and do not require another variety to be planted with them.

BRANDYWINE. A very popular mid-season variety. Berries large, glossy scarlet; firm, solid and shapely; delightful aroma, rich, juicy and luscious. *By express, not prepaid, 60 cents per dozen; \$4.00 per hundred.*

CHESAPEAKE. A late fancy variety, bearing fruit which is very regular in shape, round and most attractive in appearance. Quality good to very good; flesh firm and fine grained. *By express, not prepaid, 75 cents per dozen; \$4.50 per hundred.*

GANDY. Very late. Large, bright red berries of the firmest texture. Very extensively planted for market. *By express, not prepaid, 60 cents per dozen; \$4.00 per hundred.*

RICHMOND. Early to mid-season. Awarded gold medal at Jamestown Exposition. Berries conical, large to very large; good flavor. Plants of strong growth and yield very heavily. *By express, not prepaid, 75 cents per dozen; \$4.50 per hundred.*

PEARL. Fine extra late variety. Ripens when mid-season sorts are done and extends the season 10 to 12 days after Gandy stops bearing. Berry large and plant very productive; a first-class shipper. Succeeds on both light and heavy soils. *By express, not prepaid, \$1.20 per dozen; \$7.00 per hundred.*

U. S. KING EDWARD. Ripens mid-season to late. If one wishes to grow the largest number of quarts to the acre this is the berry to grow. It is a large coarse berry, but of uniform size throughout the bearing season. *By express, not prepaid, 60 cts. per doz.; \$4.00 per hundred.*

WM. BELT. The king among strawberries, as it is firm and among the largest in size. Gives picking for a longer period than almost any other variety. Flesh solid and deep crimson in color. *By express, not prepaid, 60 cents per dozen; \$4.00 per hundred.*

Fall or Everbearing Strawberries. While we can supply almost all the varieties, we are offering only one here, the Superb, as after testing, we are convinced that it is the best of all.

SUPERB. Fruit very large, round, of a dark rich color; glossy and as smooth as if turned in a lathe. Very fine flavor. *By express, not prepaid, \$1.75 per dozen; \$9.00 per hundred.*

EARLY OZARK. Fine extra early variety. Berries almost round and nearly as large as Gandy. Color bright red. A very prolific strong grower; never rusts. *By express, not prepaid, 60 cents per dozen; \$4.00 per hundred.*

HERITAGE. Mid-season to late. The plant is very large and of extremely heavy texture; deep rooting, drought and disease resisting and a prodigious yielder. Beautiful large berries of a dark shining crimson; round tapering shape. Flesh fine, solid and delicious. *By express, not prepaid, 60 cents per dozen; \$4.00 per hundred.*

HUNDRED DOLLAR. Ripens in mid-season. The originator says of this berry: "I do not believe there is another variety that will out-yield this giant in size or surpass it in quality." *By express, not prepaid, 60 cents per dozen; \$4.00 per hundred.*

MYRTLE MURRELL. A new variety first offered in 1913. Very early of extra high quality and fair size. It is not very firm, but one of the finest berries for home use. It should be in every home garden. *By express, not prepaid, \$1.20 per dozen; \$7.00 per hundred.*

STEVEN'S LATE CHAMPION. Ripens late. Similar to the Gandy, except that it yields almost twice as many quarts on a given space and the berries are not quite so uniform in shape. One of the most prolific and profitable varieties for market and a valuable sort for the home garden. *By express, not prepaid, 60 cents per dozen; \$4.00 per hundred.*

KLONDYKE. Largely planted by commercial growers for the early market. Of fine, bright crimson color, very firm and a great producer. *By express, not prepaid, 60 cents per dozen; \$4.00 per hundred.*

Potted Strawberry Plants by Parcel Post

Should you desire them forwarded in that manner include sufficient postage when sending your order; otherwise they will go forward by express. Potted strawberry plants weigh 4 pounds per dozen. If you make inquiry at your post office, giving the weight per dozen as above and allowing for each dozen ordered, you can ascertain the exact amount of postage required to forward from Philadelphia, Pa.
